

Robert Taylor

Hiring Lead, Engineering

Adelaide, Australia | +61400000005 | robert.taylor@email.com

Summary

Hiring lead specialising in scaling engineering teams for robotics and defence-adjacent manufacturers. Combines a psychology background with deep technical-hiring process design.

Experience

Hiring Lead, Engineering Talent — Vertex Robotics, Adelaide — 2019 – Present

- Scaled the engineering team from 15 to 60 engineers through structured hiring pipelines.
- Designed a technical interview framework adopted across three departments.

Technical Recruiter — Nexus Engineering Group, Adelaide — 2014 – 2019

- Sourced and closed candidates for embedded systems and robotics roles.
- Partnered with hiring managers to define role scorecards and interview loops.

Key Projects

- Led the 2022 graduate engineering intake, hiring 12 graduates from a pool of 400 applicants.
- Redesigned the technical assessment stage, reducing false-positive hires by an estimated 30%.

Education

Bachelor of Psychology — University of Adelaide (2013)

Skills

Technical hiring, Team building, Interview design, Negotiation
